

Tiered pharmacy network

Rx Spectrum, Small Business Tandem PPO, and Small Business Trio HMO plans provide you with an opportunity to obtain preferred-member cost share for your prescriptions at select participating retail pharmacies within the Blue Shield of California pharmacy network. You have the choice of filling your prescriptions at a Level A or Level B pharmacy.

Level A network pharmacies offer preferred cost sharing. You can fill prescriptions at any of the following pharmacies nationwide:

- CVS Pharmacy®
- CVS Pharmacy in Target Stores
- Costco
- Safeway
- Vons

By filling your prescriptions at a Level A pharmacy, you can save on your out-of-pocket costs.

Level B network pharmacies include all other pharmacies within Blue Shield's pharmacy network, except those that are in Level A. A higher cost share for your prescriptions applies at a Level B pharmacy. Please refer to your plan's Summary of Benefits in your *Evidence of Coverage* for more details about specific copayment or coinsurance amounts.

You have the same selection of covered drugs at both Level A and Level B pharmacies. You can continue to fill your prescriptions at a Level B pharmacy, or you can switch to a Level A pharmacy to take advantage of the preferred member cost share.

How do I switch my prescriptions to a Level A pharmacy?

Most prescriptions can be transferred to a Level A pharmacy. You can contact the Level A pharmacy of your choice, and the pharmacy staff will assist you in getting the information they need to complete the transfer.
